BUILDING OUR 2020-21 PROGRAMME OF ACMP UK CHAPTER EVENTS.

Since launching in 2018, we have had two member surveys and your overwhelming request is to engage with and learn from each other. We are excited to announce your new events programme is being developed to provide the following opportunities.

Re-wiring

Face to face opportunities to help with critical thinking and exploring and expanding convergent thinking. We will put these in place when social distancing measures allow.

Another perspective

Monthly webinars to provide understanding of change from the point of view of different organisation functions.

Story time

Virtual and face to face meet ups, for all to share their journey to becoming, approach and learnings to be a change agent.

Volunteer Board meetings

Held every other week to keep us motivated, ensure the events and engagement come to life, make decisions on offers for members.
